Re: Proposed Draft Air Permit
Hyperion Energy Center
Union County, South Dakota

Gentlemen:

I have attempted to review your Draft Permit and found it extremely difficult to understand. I would request that you publish a more simplified version in laymen's terms so the public could understand.

Also, I respectfully request that the final Air Permit be delayed until you receive an Environmental Impact Statement that you should request from an independent third party (and bill such to Hyperion as required by South Dakota law) to more fully understand the full environmental and socio-economic impact of the proposed project.

Sincerely,

Barbara Anderson
